

**Fabritec offers
a complete line of professional
drycleaning, wetcleaning, laundry
and restoration products**

Fabritec is a line of cleaning products from the makers of Sanitone®. Since 1932, our company has led the drycleaning industry, continually setting new standards for detergents and additives. Designed for cleaners who just want great cleaning products and great results, here's the idea behind Fabritec: consistent cleaning quality in an affordable, easy-to-use product line.

- Easy to use - no special procedures or training
- Superior anti-static performance - less lint and less labor input
- Highly substantive with more powerful ingredients than competitive products
- Highly concentrated formulation with fewer fillers
- Cold Spring fresh scent for a clean, pleasant smell
- Detergent available for every type of solvent: perc, hydrocarbon and silicone (GreenEarth®).

Less labor equals more profits.

Fabritec detergents and additives are specially formulated to save you both time and money. Plug in Fabritec drycleaning detergents and you're ready to clean.

- Decreased labor costs
- Increased productivity
- Less training time
- Less down time between loads
- Decreased claims

All of these advantages mean increased sales and profit for you. Consistent results create loyal customers.

progress.**

Drycleaning Products

- 5516 Champion** 15 gallon drum/5 gallon pail
A premium injection detergent formulated for both the new modern high flash odorless hydrocarbon solvents and traditional petroleum solvents.
- 5530 Tex-Clean** 5 gallon pail
Cationic detergent for perc solvent; contains special surfactants and a softener/antistat. Yields easier-to-finish garments with a pleasing hand.
- 5535 Applaud** 15 gallon drum/5 gallon pail
Detergent for use in hydrocarbon solvents. It is the latest advancement in cationic chemistry and is substantive to fabrics. Yields easier-to-finish garments.
- 5503 Inject-Size Plus** 15 gallon drum/5 gallon pail
Sizing for use in 2-bath prewash systems. Imparts a noticeable crispness and body to fabrics making finishing easier. Excellent anti-static properties.

Restoration Products

- 5911 Titanium Plus Detergent**
- 5931 Titanium EXtra Detergent**
- 5921 Prestige**
- 5970 Restore**
- 5943 Boost**
- 5916 Fab-Soft**

For more information on these restoration products look under Laundry Products.

Laundry Products-Powder

- 5900 Zeal** 160 lb./40 lb.
A concentrated enzyme detergent with color safe bleach for use in professional laundry. Zeal produces superior results while saving water and production time.
- 5911 Titanium Plus Detergent** 40 lb.
Concentrated detergent with color-safe bleach for use in professional laundry. Produces superior results while saving water, energy and production time.
- 5931 Titanium EXtra Detergent** 40 lb.
Concentrated detergent with color-safe bleach for use in professional laundry. Produces superior results while saving water, energy and production time. Formulated for areas with hard water or plants without a water softener.

Wetcleaning Products

- 5914 Silky Clean** 5 gallon pail
A low-temperature, no-rinse detergent for today's fine washables such as silk, lingerie, beaded and other delicate garments. Garments have a pleasing hand, enriched and brightened colors, and are easier to finish.
- 5925 Cotton Clean** 15 gallon drum/5 gallon pail
A versatile, all-purpose detergent specially formulated for today's washables and casual wear such as khakis, chinos and flannels. Also great for outerwear and bedspreads. Protects garments from fugitive dyes during the wash cycle.
- 5936 Condition-It** 5 gallon pail
A fabric finish that minimizes shrinkage, felting and pilling in washable wool, silk, rayon and all-natural fiber blends. Enhances fabric hand and facilitates fabric finishing.

Laundry Products-Liquid

- 5916 Fab-Soft** 5 gallon pail
This laundry and wetcleaning softener is a premium biodegradable product that imparts excellent softness and rewetting properties to fabrics.
- 5921 Prestige** 5 gallon pail
Multi-Enzyme Laundry Detergent for shirts/regular washables is an all purpose formulation for today's washable fabrics. Prestige is compatible with all common laundry additives.
- 5933 Citra Buff** 5 gallon pail
This liquid laundry sour can be used with all alkaline laundry detergents including Titanium.
- 5937 Snap** 15 gallon drum/5 gallon pail
A unique liquid laundry starch with a starch/polymer blend formulated for shirt and uniform laundries.
- 5943 Boost** 15 gallon drum/5 gallon pail
Degreasing/Emulsifying Aid for laundry and wetcleaning detergents removes grease, oil and grime from heavily soiled garments. Boost can be used as a prespotter.
- 5956 Fine-Tex** 5 gallon pail
A conditioner & sizing for shirts, cotton blends and casual wear which minimizes shrinkage, felting and pilling in washable fabrics. Fine-Tex enhances fabric hand and facilitates fabric finishing. Not to be used with "Dryclean Only" garments.
- 5970 Restore** 15 gallon drum/5 gallon pail
This smoke and odor neutralizer is a unique proprietary product that neutralizes odors in fabrics and eliminates the need for the ozone treatment of most smoke damaged articles. Great for restoration applications.
